Projects Across the Curriculum 3 (page 252)

Animals and Their Habitats

Directions: After you have finished your project, determine whether you have completed the criteria listed in the left column. Fill in the checklist in the shaded columns below and then turn the rubric in to your teacher along with your project.

Criteria	Student Checklist		Teacher Evaluation
	Completed	Not Completed	Comments
Pick five animals to research, each from a different habitat			
Collect information about each animal's class, habitat, life expectancy, weight, and diet			
Combine your data with data from three other classmates and use it to create a worksheet about the 20 animals			
Include a row of data for each animal			
Include columns with labels for the animals' names, classes, habitats, life expectancies, weights, and diets			
Use filters or sorts to create bar graphs showing life expectancy and weight for animals in each habitat and class			
Use correct spelling, punctuation, and grammar			
Edit to make your list clear and free of errors
