

AutoCAD LT Problem 9-1

Chapter 9: Civil Planning CAD

Topographic Map

Create a simple topographic map similar to the one shown below. Use the **PLINE**, **LINE**, **ARC**, and **ELLIPSE** commands to approximate contour lines.

AutoCAD LT Problem 9-2

Chapter 9: Civil Planning CAD

Cross Section of Retaining Wall

Create a cross-sectional view of a retaining wall as shown below. Estimate any dimensions that are not shown. Use the BHATCH command to show the patterns for the wall and footing materials.

AutoCAD LT Problem 9-3

Chapter 9: Civil Planning CAD

Park Site Plan

Create a site plan for a park similar to the one shown below. Use DesignCenter for as many of the features as possible. Estimate any dimensions and locations that are not shown.
