Introducing
Adobe Photoshop

Project 5-8

Rubric
5-8**Project 5-8 (pages 234–238)****Create Effects and Images with Filters**

Directions: After you have finished your project, determine whether you have completed the criteria listed in the left column. Fill in the checklist in the shaded columns below and then turn the rubric in to your teacher along with your project.

	Student Checklist		Teacher Evaluation
Criteria	Completed	Not Completed	Comments
Create a new document 6 x 4 inches with 150 ppi resolution.			
Fill the workspace with black. Apply the <i>Add noise</i> filter at 25%.			
Apply various filters and adjust settings to create a star that appears to cast light.			
Add two smaller stars.			
Add a new layer named <i>Pink Nebula</i> . Change foreground color to pink and background to black. Apply the <i>Clouds</i> filter.			
Use Magic Eraser to remove some of the nebula. Use blending modes and filters to blend the cloud effect.			
Add one or two more nebulae in other colors.			
Create a <i>Planet</i> layer. Draw a circle and fill it with <i>Sunrise</i> gradient fill. Apply various filters to add texture and light effects to the planet.			
Create a <i>Moon</i> layer. Draw a smaller circle over the first. Apply filters to add texture and light effects to the moon.			
Follow directions to save and print your work.
