

## Reading Tip

As you read, keep track of questions you answer in the chapter. This will help you remember what you read.

### Target Your Reading

Use this to focus on the main ideas as you read the chapter.

- 1 Before you read** the chapter, respond to the statements below on your worksheet or on a numbered sheet of paper.
  - Write an **A** if you **agree** with the statement.
  - Write a **D** if you **disagree** with the statement.
- 2 After you read** the chapter, look back to this page to see if you've changed your mind about any of the statements.
  - If any of your answers changed, explain why.
  - Change any false statements into true statements.
  - Use your revised statements as a study guide.

Before You Read A or D	Statement	After You Read A or D
	<b>1</b> All Earth's resources are able to be replenished.	
	<b>2</b> Fossil fuels must be burned to release the energy they hold.	
	<b>3</b> The only unlimited source of energy for Earth is the Sun.	
	<b>4</b> Air pollution can be cleaned when it reacts with sunlight.	
	<b>5</b> Underground water supplies are safe from pollution.	
	<b>6</b> Some household items, such as batteries and paint, are hazardous and may pollute the environment if disposed incorrectly.	
	<b>7</b> Conservation can help prevent shortages of natural resources.	
	<b>8</b> Certain plastics can be recycled into items such as carpeting and clothing.	
	<b>9</b> Aluminum is the only metal that can be recycled.
