Target Your Reading

Use this to focus on the main ideas as you read the chapter.

Before you read the chapter, respond to the statements below on your worksheet or on a numbered sheet of paper.

- Write an A if you agree with the statement.
- Write a **D** if you **disagree** with the statement.

2 After you read the chapter, look back to this page to see if you've changed your mind about any of the statements.

- If any of your answers changed, explain why.
- Change any false statements into true statements.
- Use your revised statements as a study guide.

| Before You Read A or D | Statement | After You Read A or D |
|---------------------------|---|--------------------------|
| | 1 Bones are hard, nonliving structures. | |
| | 2 Red blood cells form in the centers of sor bones. | ne |
| | 3 Bones rub against each other at joints. | |
| | 4 Your arm muscles are the same as your h muscles. | eart |
| | 5 Movement occurs because muscles relax contract. | and |
| | 6 Muscles increase in size mostly because t number of muscle cells increases. | he |
| | 7 The skin is the largest organ of the huma | n body. |
| | 8 The different skin colors result from different pigments in skin. | rent |
| | 9 A bruise forms when the skin breaks. | |
| | 10 Human skin grafts can be grown from do skin tissue. | pnor |

Monitor your reading by slowing down or speeding up depending on your understanding of the text.
