

Name _____ Date _____ Class _____

Vocabulary Study Guide
Unit 3 Building Foundations
Chapter 11 Concrete Flatwork

Directions

1. This study guide will help you understand and remember what you read. Before you read, think about what you know about each vocabulary term, even if it's not related to what you are learning. Write it down in the second column. Write what you would like to learn about the term in the third column. After reading the chapter, paraphrase what you learned. Write that in the fourth column.
2. Compare notes with at least one other classmate. By discussing the three types of things for each term, you will learn more than you would by yourself.

Vocabulary Term	What I Know	What I Expect to Learn	What I Learned
concrete flatwork			
frost depth			
monolithic slab			
independent slab			

subgrade			
lift			
finer			
screed			
bull float			
kneeboards
