

Sewing Basics

Section 33.1 Sewing Essentials

Directions As you read, think about what you need to know about a sewing project before you can start buying fabric and other supplies. Then think about why you need to know it. Use this what and why chart to help you organize your information.

What I Need to Know	Why I Need to Know It

Section 33.2 Sewing Methods

Directions As you read, look for the five most commonly used types of hand stitches. Use this “hand” graphic to help you organize your information.
