Anne Soos, Stuart Country Day School of the Sacred Heart

Anne Soos is the Chair of the Science Department at Stuart Country Day School of the Sacred Heart in Princeton New Jersey. She has been an AP Reader in both Environmental Science and Biology. She has presented a number of one-day and summer institutes in environmental science and has served on numerous Middle States evaluating teams. In 1991, Anne was selected as one of seven state-wide winners by Public Service Electric and Gas Co. of NJ and the NJ Business/Industry/Science Education Consortium to receive an Environmental Education Grant. In 1997 Anne and co-teacher Reinald Yoder were selected by the Klipstein Foundation to develop a program integrating the use of computer technology into the study of AP Environmental Science.
