

## Reading Tip

Sometimes you make inferences by using other reading skills, such as questioning and predicting.

### Target Your Reading

Use this to focus on the main ideas as you read the chapter.

- 1 Before you read** the chapter, respond to the statements below on your worksheet or on a numbered sheet of paper.
  - Write an **A** if you **agree** with the statement.
  - Write a **D** if you **disagree** with the statement.
- 2 After you read** the chapter, look back to this page to see if you've changed your mind about any of the statements.
  - If any of your answers changed, explain why.
  - Change any false statements into true statements.
  - Use your revised statements as a study guide.

Before You Read A or D	Statement	After You Read A or D
	<b>1</b> Animals are organisms with prokaryotic cells.	
	<b>2</b> An animal with bilateral symmetry has two similar sides.	
	<b>3</b> Invertebrate animals include the greatest number of species.	
	<b>4</b> Sponges only can be found in warm, shallow, saltwater environments.	
	<b>5</b> Sponges lack tissues, organs, and organ systems.	
	<b>6</b> Cnidarians capture their prey using stinging cells.	
	<b>7</b> A cnidarian has two body forms during its life cycle.	
	<b>8</b> A planarian, a flatworm, can reproduce sexually and asexually.	
	<b>9</b> Flatworms do not harm humans.	
	<b>10</b> Most roundworms are parasites.
