

## 5

## Family Letter

Dear Parent or Guardian:

This chapter contains mathematics often used in real-world situations. Percents are used everyday: to figure a tip, to express chance, and to describe amount, and these are just a few ways that we use percents!

In **Chapter 5, Percent**, your child will learn about ratios, percents, to compare fractions, decimals, and percents, the percent proportion, estimating percent, the percent equation, percent of change, and simple interest. Your child will also learn to solve problems by determining if an answer is reasonable. In the study of this chapter, your child will complete a variety of daily classroom assignments and activities and possibly produce a chapter project.

By signing this letter and returning it with your child, you agree to encourage your child by getting involved. Enclosed is an activity you can do with your child that practices how the math we will be learning in Chapter 5 might be tested. You may also wish to log on to **ca.gr7math.com** for self-check quizzes and other study help. If you have any questions or comments, feel free to contact me at school.

Sincerely,

Signature of Parent or Guardian \_\_\_\_\_ Date \_\_\_\_\_
