

## EZ Test Online

McGraw Hill's EZ Test Online is a flexible and easy-to-use program for developing paper-based or online tests and quizzes.

### Features

Imagine being able to create and access your test anywhere, at any time without installing the testing software. Now, with the newest release of EZ Test Online, instructors can select questions from multiple McGraw-Hill test banks, author their own and then either print the test for paper distribution or give it online.

#### Test Creation

- Select questions from one or more McGraw-Hill test banks located in EZ Test Online
- Author/edit your own questions online using the 14 different question type templates
- Scramble questions and answer choices to create different versions of your test
- Add multimedia to your questions
- Export tests for easy paper test printing
- Export quizzes in Blackboard or WebCT format
- Deploy online and get instant feedback
- Create pools of questions for serving up multiple versions online
- Algorithmic question capability is available for all question types

#### Online Test Management

- Set availability dates and time limits for your test
- Control how your test will be presented (i.e. one question at a time, all questions on 1 page)
- Assign points by question or question type with drop down menu
- Provide immediate feedback to your students or delay feedback until all finish the test
- Decide to assign points or allow students to practice what you make available
- Roster can be uploaded or student self-registration can be enabled

#### Online Scoring and Reporting

- Automated scoring for most of EZ Test's numerous question types
- Manual scoring and feedback for essay and other constructed response questions
- Manual re-scoring is available
- EZ Test's grade book is designed to easily export to your preferred grade book
- View basic statistical reports

#### Support and Help

- User's Guide and built in page specific help
- Flash tutorials for getting started and advanced features
- Website - [www.mhhe.com/eztest](http://www.mhhe.com/eztest)

## Register to use EZ Test Online

Before you use EZ Test Online, you need to register. To register, go to [www.eztestonline.com](http://www.eztestonline.com) and select Australia from the 'List of Countries' drop-down list under the Registration heading

The image shows a screenshot of the EZ Test Online website's registration and login interface. At the top, the logo "EZ TEST ONLINE" is displayed, with "EZ" in a blue square, "TEST" in black, and "ONLINE" in black with a green globe icon. Below the logo, the page is divided into two main sections: "Registration" on the left and "Log In" on the right. The "Registration" section has a heading "Registration" and a sub-heading "To request a validated instructor ID and password choose your country from the list below to begin the process." Below this is a dropdown menu labeled "List of Countries" with a blue arrow icon. The "Log In" section has a heading "Log In" and a sub-heading "You must have a validated instructor ID and password to use this service. Enter that information below and click **Sign On**." Below this are two input fields: "ID:" and "Password:", each followed by a text box. A blue "Sign On" button is located below the password field. At the bottom of the form, there is a link: "Having trouble with registration or logging in? Please visit [EZ Test Online Support](#) or call us at [\(800\) 331-5094](#)."
